

Dates: 5-7 November 2019
Location: Hamburg Messe, Germany
Website: [Intermodal Europe](http://IntermodalEurope.com)

“Intermodal Europe is the most targeted annual meeting point in Europe for companies associated with container shipping and intermodal transport, across road, rail and sea. The event facilitates the opportunity to meet and do business with leading global suppliers, discover the latest container innovations and technology, network with senior-level peers and hear about the challenges and opportunities facing the container shipping market today from field experts.

Intermodal Europe regularly attracts key shippers, shipping lines, freight forwarders, ports, rail freight operators, logistic companies, lessors, container manufacturers, container traders and other container professionals, as well as those involved in the intermodal supply chain. The conference hosts the most influential industry speakers – with attendees taking away good insight into the future of the market as well as technical information.”
